*Series No.*

**Volume 2**

## PREFACE

The present issue of **Quarterly International Merchandise Trade Statistics, Volume 2** provides detailed information on merchandise Imports, Exports, and Re-exports for the Kingdom of Tonga during the **Third Quarter of 2025**. Unlike Volume 1, which presented the overall trade performance and analytical perspectives, this volume focuses specifically on the itemized details of goods traded.

The listings in this publication are organized according to the Harmonized System (HS) Nomenclature, ensuring consistency with international standards and comparability with global trade statistics. Users will find comprehensive breakdowns of commodities imported into Tonga, exports of domestic products, and re-exports of foreign goods, presented by HS codes and commodity groups.

The Tonga Statistics Department gratefully acknowledges the cooperation of the Customs Division in Nuku'alofa (Tongatapu) and Neiafu (Vava'u). Their timely provision of customs declarations and trade documentation has been essential in compiling this report.

The Tonga Statistics Department is also committed to improving the quality, scope, and relevance of its statistical publications. We welcome comments, suggestions, and feedback from users to help us enhance future editions of this report.
